

Let's Get Started

Call the number below; or, if you prefer, visit our Web site and drop us an email — we'd be happy to come to your home and discuss any possible window treatments with you.

Our designer will bring samples, drawings, ideas, and, perhaps even more importantly, listening skills.

When you're finished, you'll be left with written cost estimates for the treatments you've begun to design together.

There's no rush, obviously, but we want to ensure the time between your vision and its realization is as fast and easy as possible. We'll do everything in our power to expedite the process, but we'll be driven by our fundamental commitment to our guarantees of excellence and quality.

Best Blind and Shade

Welcome to the rich and warm world of *Best Blind and Shade*.

You probably have blinds on your windows, furniture and wall hangings

all in place — and yet your home isn't completely the way you want it. It doesn't quite feel right.

Best Blind and Shade can help. We're a full-service window-treatment and custom-fabrication company.

Best Blind and Shade makes:

- Drapes
- Cornices
- Solar shades
- Top treatments
- Wood shutters
- Bamboo shades
- Side panels
- Bed spreads
- Motorization
- Roll shades

— and every other fabric treatment you could ever dream of!

Full Service. Full Time.

We're not quite sure what *full service* means to other people, but at *Best Blind and Shade*, *full service* means making sure our customers get everything they need from the moment they have their first conversation with us to the moment they wave goodbye from their beautifully appointed window spaces four to eight weeks later.

It starts with a *personal visit* to your home or office by a trained designer.

Instead of wandering around a huge, maze-like department store or so-called home-improvement center, sorting through factory-produced materials mass-designed to appeal to — well — the masses, we'll

visit your home to design fabric treatments that are meant to appeal to *you*. Not someone in Poughkeepsie or Tucson.

After consultation, we'll make your treatments *one at a time*. That's right — we custom-cut and finish every single item

that comes through our facility. You can be assured that what graces your home is unique to your space, and your space only.

We Only Care About Three Things — *Quality, Quality, and Quality.*

Our seamstresses' work is second to none. In fact, its quality is our guarantee. If you're not completely satisfied with it, neither are we. It gets re-done. No questions asked.

Value, Selection, and Style

We have many fabrics to choose from, and our prices start lower than you probably imagine.

We design for a multitude of customers, purposes, budgets, and locations. From corporations and small offices, to intimate dwelling spaces and huge meeting rooms.

Bedrooms, kitchens, guest rooms, bathrooms, master suites, nurseries, schools — heavens, we've even done a church or two!

Whatever your need or however much you've chosen to spend, *Best Blind and Shade* has the answer.
